Read the following:-

From the Collector of Bellary, Ref.-B-5-9441/47, dated 16-10-47.

REFERENCE:

The Collector of Bellary is requested to report why the gravel and metal referred to were stacked in private lands and who is responsible for stacking them in these lands and why they could not be removed from these places earlier. It is not also reported why the owners of the lands did not object to the stacking of the gravel etc. even in the first instance and why the amount of compensation should not be recovered from the person responsible.

Famine -Bellary district--Bellary taluk - Ganekehal village - Stacking of gravel and metal on private land -Compensation for loss of crop . and cost of removing gravel etc. claims -Funds - - - Sanction of- further report - Submitted.

Ref. above - Board's Ref. No. S.6101/47-1, dated 6-11-47.

I furnish below the names of the charge officers and the work Agentswho were in charge of the Famine Camps at Sirigeri and Kurugodu villages- the terminal points of the roads:

	Sirigeri camp	Kurugodu camp.
Charge Officer:		
	Sri A.Adiraj, from 5-6-43 to 25-9-43.	Sri B.Bodarayachar, from 17-6-43 to 22-11-43.
Senior work Agent:.		
	Sri G.Subba Rao, from 4-6-43 to 26-11-43.	Sri T.Mari Midlu from 1.7.43 to 17.12.43
Junior Work Agent.		
	Sri N.Venkaiah, from 11-6-43 to 19-11-43.	Sri M.Ramalingam from 7-7-43 to 15-11-43.

The Executive Engineer, whom I consulted states that he is unable to say why the gravel and metal were stacked on the private lands and that the famine records available in his office do not throw any light on this point. In the circumstances I feel that it is very difficult to fix up responsibility for the storing of the metal on the private land.

The owners of the lands being ignorant and illiterate folk, did not, however, object to the stacking of the gravel and metal by Government officers at that time. Finding now that they had been altogether deprived of the use of their land for years together they have now put in a petition in the matter. As the amount involved is not much, I recommend that the amount maybe met by Government.

Board's Ex-Reminder is enclosed.

The Secretary to the Board of Revenue,

Sir,

Land--Bellary district and taluq-- Ganekehal village--S.Nos. 60-A etc--stacking of gravel and metal on private land--compensation for loss of crop and cost of removing gravel etc--claimed--funds sanction requested.

One Mula Hussainamma of Ganekehal village in Bellary taluq has preferred a claim for payment of compensation on account of the loss she has had to sustain by her having to keep her lands S.Nos. 60-A. 60-C. 61-A. 62.C and 65-C. uncultivated from 1942 uptodate as a result of the stacking of gravel and stones on these lands, and for not removing the same from her fields and preventing her fields being cultivated.

2. The Special Deputy Collector, Land Acquisition (Famine Roads) Bellary who was asked to scrutinise the claim, has submitted his report after personal inspection and enquiry. According to his report, an extent of Acs.1-72 spread over the five fields (detailed above) belonging to the petitioner and another extent of Acs. 0-21 spread over the S.Nos. 60-D and 65-C but belonging to another ryot by name Madigi Basivi Neelamma of the same village, have been occupied as shown in the sketches enclosed by stone and gravel stacks formed at the time of laying the Hirugodu Sirigeri road during the famine of 1942-43. He adds that the above lands have remained uncultivated during the past 6 years 1942-43, 1943-44, 1944-45, 1945-46, 1946-47, and 1947-48. for the above reasons and recommends the payment of compensation for the loss of crop during the above period of six years.

3. The above lands are reported to be of an inferior varie which may fetch an annual rental of Rs.15/- per acre. I recommend that compensation for the loss of crops on these lands for the six years may be paid to the owners at the above rate. According to the rate the amount to be paid to each of the two pattadars works out as follows:--

1.Mulla Hussainamma.

Extent for which compensation is to be paid.	Rate	No.of years for which compensation has to be paid.	Amount due.
Acs.1-72.	Rs.15/-	6	Rs.154/12/9

2.Madiga Basivi Neelamma.

Acs.0.21	Rs.15/-	6	Rs. 18/14/5

TOTAL Rs. 173/11/2. 173-11-2

4. I request that the Board may be pleased to sanction the above amount for payment of the compensation to the parties concerned.

5. With a view to make the lands fit for cultivation from 1st June 1948 I am addressing the Special Officer, District Board, Bellary to remove the gravel and stones from the above fields to the road margin. This evidently obviates the necessary of payment of compensation beyond 1948.

6. The District Board has expressed its inability to meet the expenditure referred to in para-3 above, as the road in quest-ion has not yet been vested in the District Board. The road was laid during the famine 1942-43 and the lands covered by the road are being acquired by the Special Staff now operating in this district. Steps will be taken to vest the road in the District Board after the acquisition of lands is completed.

7. The enclosed sketches may be returned when done with.

for Collector.

2/. The Board of Revenue has recommended the payment of a total compensation of Rs 173-11-2 to the two land owners in Ganekehal village, Bellary Tq, Bellary Dt in whose lands gravel and metal required in connection with the laying of famine roads were stacked. ~~for a period of six years~~ As a result of this the lands remained uncultivated for a period of six years from 1944. The amount of compensation recommended is ~~[illegible]~~ calculated on the yearly rents of Rs 15 per acre of these lands.

3/. In their note put up at flag (A) the Fin. Dept. have stated that all grants sanctioned on account of famine works and the expenditure incurred on account of the staff employed for famine works should be debited to the department head "50 Civil Works" and not 24 Famine Relief But subsequently they have agreed with the L.A. Dept. (and passed a ruling) that only the expenditure on account of grants should be debited to "50 Civil works" whereas the expenditure on account of the famine staff should be debited to "25 General administration" The present proposal of the Board of Revenue will fall under the former category and will have to be accounted in

question. ~~Before~~ It is also reported that the Dt Bd has expressed its inability to meet the expenditure as the road has not been vested in the Dt Bd the case may be re-transferred to R&B for necessary action, as this Dept will deal only with cases relating to roads which were formed by the Dt Bd
